9420-W	TABLE OF CONTENTS (Continued) (Page 2)	9406-W
9421-W	TABLE OF CONTENTS (Continued) (Page 1)	9407-W

Purpose:

The purpose of this advice letter filing is to request approval of the 2020 step rates for Central Division in accordance with Decision (D.) 18-12-021. This advice letter requests implemented rates for escalation year 2020 be made effective and implemented in accordance with California Public Utilities Commission (Commission) Decision (D.) 18-12-021.

Background:

Submission of these tariffs is made in compliance with Ordering Paragraphs 42 and 43 of Decision (D.)18-12-021 dated December 13, 2018 which states:

- 42. California-American Water Company (Cal-Am) is directed to file escalation filings for attrition years 2019 and 2020 through appropriate Tier 1 advice letter filings in conformance with General Order 96-B and the advice letter procedures found in Section VII of Appendix A attached to Decision (D.) 07-05-062 for every district where there is a projected decrease in rates. Cal-Am may also file escalation filings for 2019 and 2020 pursuant to these procedures for every district where there is a projected increase in rates. D.07-05-062 requires escalation filings to be filed no later than 45 days prior to the start of the escalation year. In light of the effective date of this decision, any escalation filing for attrition year 2019 shall instead be filed within 90 days from the effective date of this decision and shall be effective 45 days from the date of filing.*
- 43. California-American Water Company is authorized to revise tariff schedules, and to concurrently cancel its present schedules for such service upon the effective*

date of its 2019 escalation filing. The revision of tariff schedules for authorized rates in 2018 shall be included and subsumed in California-American Water Company's escalation filing for attrition year 2019. The advice letter shall include all calculations and documentation necessary to support the requested rate changes for both authorized 2018 rates and their escalation for 2019.

Additionally, by November 15, California American Water is required to annually file a Tier 2 advice letter that provides actual consumption data as part of the Annual Consumption Pilot Program ("ACPP")/Consumption Adjustment Mechanism ("CAM") process. On November 1, 2018, California American Water requested an extension of time to make its ACPP/CAM Tier 2 filing to the same date that it makes its 2019 escalation filing. On November 7, 2018, the Commission granted California American Water's request. This filing incorporates the consumption adjustment mechanism into the rates.

Request:

This advice letter filing is to request implementation of the Central Division's 2020 step increase. As shown the earnings test and workpapers for the twelve months ended September 30, 2019, the district earned a rate of return of 2.69% on a recorded basis and 7.37% on a "pro forma" basis. The most recent authorized rate of return per D.18-03-035 was 7.61% adjusted to 8.19% to match the designated pro forma period.

In compliance with Decision D.18-12-021 California American Water requests, approval of all submitted tariff revisions.

Tier Designation:

This advice letter is submitted pursuant to General Order No. 96-B and D.18-12-021 and is designated as a Tier 1 filing.

Effective Date:

California American requests an effective date of January 1, 2020.

RESPONSE OR PROTEST¹

Anyone may submit a response or protest for this AL. When submitting a response or protest, **please include the utility name and advice letter number in the subject line.**

A **response** supports the filing and may contain information that proves useful to the Commission in evaluating the AL. A **protest** objects to the AL in whole or in part and must set forth the specific grounds on which it is based. These grounds² are:

- (1) The utility did not properly serve or give notice of the AL;
- (2) The relief requested in the AL would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
- (3) The analysis, calculations, or data in the AL contain material error or omissions;
- (4) The relief requested in the AL is pending before the Commission in a formal proceeding; or

¹ G.O. 96-B, General Rule 7.4.1

² G.O. 96-B, General Rule 7.4.2

- (5) The relief requested in the AL requires consideration in a formal hearing, or is otherwise inappropriate for the AL process; or
(6) The relief requested in the AL is unjust, unreasonable, or discriminatory, provided that such a protest may not be made where it would require relitigating a prior order of the Commission.

A protest may not rely on policy objections to an AL where the relief requested in the AL follows rules or directions established by statute or Commission order applicable to the utility. A protest shall provide citations or proofs where available to allow staff to properly consider the protest.

DWA must receive a response or protest via email (or postal mail) within 20 days of the date the AL is filed. When submitting a response or protest, **please include the utility name and advice letter number in the subject line.**

The addresses for submitting a response or protest are:

Email Address: Water.Division@cpuc.ca.gov	Mailing Address: CA Public Utilities Commission Division of Water and Audits 505 Van Ness Avenue San Francisco, CA 94102
---	---

On the same day the response or protest is submitted to DWA, the respondent or protestant shall send a copy of the protest to Cal-Am at:

Email Address: Kamilah.Jones@amwater.com	Mailing Address: 4701 Beloit Drive Sacramento, CA 95838
legalteamca@amwater.com	555 Montgomery Street, Suite 816 San Francisco, CA 94111
Jonathan.Morse@amwater.com	4701 Beloit Drive Sacramento, CA 95838

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform DWA, within the 20 day protest period, so that a late filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on.

REPLIES³

The utility shall reply to each protest and may reply to any response. Any reply must be received by DWA within five business days after the end of the protest period, and shall be served on the same day on each person who filed the protest or response to the AL.

³ G.O. 96-B, General Rule 7.4.3

The actions requested in this advice letter are not now the subject of any formal filings with the California Public Utilities Commission, including a formal complaint, nor action in any court of law.

This filing will not cause the withdrawal of service, nor conflict with other schedules or rules.

If you have not received a reply to your protest within 10 business days, please contact Kamilah Jones at (916) 568-4232.

Schedule No. CEN-SAT (Continued)
Central Division Tariff Area
GENERAL METERED SERVICE

Sheet 2

CENTRAL DIVISION TARIFF AREA (Continued):

Service Charge: Residential Fire Protection Service (R.F.P.S.)

	<u>Per Meter</u> <u>Per Month</u>	
For 5/8 x 3/4-inch residential to 1-inch residential metered fire sprinkler.....	\$22.13	(l)
For 5/8 x 3/4-inch residential to 1 1/2-inch residential metered fire sprinkler.....	\$77.44	
For 5/8 x 3/4-inch residential to 2-inch residential metered fire sprinkler.....	\$242.79	
For 3/4-inch residential to 1-inch residential metered fire sprinkler.....	\$38.75	
For 3/4-inch residential to 1 1/2-inch residential metered fire sprinkler.....	\$77.44	
For 3/4-inch residential to 2-inch residential metered fire sprinkler.....	\$242.79	
For 1-inch residential to 1 1/2-inch residential metered fire sprinkler.....	\$77.44	
For 1-inch residential to 2-inch residential metered fire sprinkler.....	\$242.79	
For 1 1/2-inch residential to 2-inch residential metered fire sprinkler.....	\$242.79	(l)

The Service Charge is a readiness-to-serve charge applicable to all Residential Fire Protection Service metered services only. It is added the charge for water furnished which is computed at Quantity Rates. The service charge for Residential Fire Protection Service (RFPS) is based on the meter size a customer would require without RFPS and the upsized meter that customer then requires because of the addition of the fire sprinkler system.
