ADVICE LETTER NO. 1209

TO THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

California-American Water Company (Cal-Am) (U210W) submits for review this advice letter including the following tariff sheets applicable to its Sacramento District, which are attached hereto:

<u>C.P.U.C. Sheet No.</u>	<u>Title of Sheet</u>	<u>Canceling Sheet No.</u>
XXXX-W	SACRAMENTO DISTRICT TARIFF AREA- SECURITY PARK (Page 7) MAP	6598-W
XXXX-W	TABLE OF CONTENTS (Page 1)	XXXX-W

Purpose:

Cal-Am is filing this Advice Letter to: (1) respond to the City of Sacramento's request to annex a small portion of Cal-Am's Rosemont service area (the "Parcel") in Cal-Am Sacramento District; (2) clarify for the California Public Utilities Commission ("Commission") that Cal-Am does not object to the annexation; (3) provide information regarding the details of the annexation; and (4) to obtain authorization to revise certain service area maps of Cal-Am's Sacramento District to reflect this change to Cal-Am's certified service area.

Background:

Submission of these tariffs is made pursuant to Section 8.1 of the Water Industry Rules in General Order 96-B, and the May 21, 2018 and June 5, 2018 emails from the Commission requesting Cal-Am file an advice letter. Specifically, on June 5, 2018, Maria L. Bondonno, Commission counsel, emailed Cal-Am and stated, in part:

The Commission requests that CalAm update Water Division as to the status of the potential annexation by letter by the end of this week, if possible, or early next week. Said letter should inform the Commission of the possible parcel annexation, and the fact that CalAm has no objection, if that is still the case (similar to the letter CalAm sent to LAFCO). The letter needs to detail the specific aspects of the proposed annexation, e.g., impacted landowners and any compensation being paid to said landowners, any compensation being paid to Cal-Am, impacts on Cal-Am, and any Cal-Am concerns with the annexation. It should also specify that

that there will be no negative impact on current customers or regulatory operations now or in the future as a result of agreeing to the annexation of this parcel, and no impact on revenue or rate base, etc.

Cal-Am does not object to the requested annexation by the City of Sacramento. The Parcel is approximately 28 acres and is just west of Watt Avenue and immediately south of Jackson Highway. Indeed, the Parcel is the only area within Cal-Am's service area that is both south of Jackson Highway and west of South Watt Avenue. It was detached from the main Rosemont service area by the realignment of South Watt Avenue. It is immediately adjacent to the City's water service area. The area of the Parcel is defined in Exhibit A of the of the February 10, 2012 letter from Cal-Am sent to the City of Sacramento, which is attached hereto as Exhibit 1. Exhibit A of the February 10, 2012 letter is also labeled "Exhibit 1 – Page 3" in the top right-hand corner of the page.

Cal-Am's understands that the Parcel is owned by the Tiechert Land Co. ("Tiechert") and that the Parcel is part of a larger development project, called "Aspen 1," the majority of which is in the City's existing service area. Cal-Am further understands that Tiechert requested the City provide water service to the Parcel so that the entire project can obtain water service from the City. Cal-Am is not aware of any payments made to Tiechert or plans to make any payments to Tiechert.

Cal-Am does not currently have facilities installed that could provide water service to the Parcel, and there are no plans to extend facilities to this area at this time. Installation of facilities to the Parcel would be expensive requiring, among other items, a main extension across Jackson Highway, creating backbone infrastructure on the west side of South Watt Ave. This would create the possible need for additional road crossings as the east side of South Watt develops and would provide no direct benefit to Cal-Am's current customers, in fact it may be at a greater expense as the eastern side of S. Watt Ave develops. Cal-Am did not demand compensation from the City of Sacramento based on the facts that Cal-Am has no plans to expand its facilities to the Parcel at this time and the tremendous potential cost of expanding facilities to the Parcel.

Based on the foregoing, there will be no negative impact on current customers or regulatory operations now or in the future as a result of agreeing to the annexation of the Parcel. There will also be no impact on revenue or rate base.

The actions requested in this advice letter are not now the subject of any formal filings with the Commission, including a formal complaint, nor action in any court of law. This filing will not cause the withdrawal of service, nor conflict with other schedules or rules.

Tier Designation:

In accordance with General Order (GO) No. 96B, this advice letter is designated as a Tier 2 filing.

Effective Date:

California American requests an effective date of July 13, 2018.

Service List:

Pursuant to Section 4.3 of General Order No. 96-B, a copy of this advice letter is being sent to those entities listed in the attached "SERVICE LIST PURSUANT TO SECTION 4.3 OF G.O. NO. 96-B." Additionally, in accordance with Section 4.2 of General Order No. 96-B (addressing

RESPONSE OR PROTEST¹

Anyone may submit a response or protest for this AL. When submitting a response or protest, **please include the utility name and advice letter number in the subject line.**

A **response** supports the filing and may contain information that proves useful to the Commission in evaluating the AL. A **protest** objects to the AL in whole or in part and must set forth the specific grounds on which it is based. These grounds² are:

- (4) The relief requested in the AL is pending before the Commission in a formal proceeding; or
- (5) The relief requested in the AL requires consideration in a formal hearing, or is otherwise inappropriate for the AL process; or
- (6) The relief requested in the AL is unjust, unreasonable, or discriminatory, provided that such a protest may not be made where it would require relitigating a prior order of the Commission.

A protest may not rely on policy objections to an AL where the relief requested in the AL follows rules or directions established by statute or Commission order applicable to the utility. A protest shall provide citations or proofs where available to allow staff to properly consider the protest.

DWA must receive a response or protest via email (**or** postal mail) within 20 days of the date the AL is filed. When submitting a response or protest, **please include the utility name and advice letter number in the subject line.**
